

SHARP SKIRMISH; FILIPINOS RETREAT

OTIS FOUND 1,000 OF THE ENEMY NORTH OF MALOLOS.

Natives With White Flags Continue to Come Within the American Lines—Dewey Congratulates Otis On the Magnificent Work of the Army—Insurgents Scattered.

Manila, April 3.—[Special]—Dewey, who has followed the victorious course of the army with close interest, today, in the name of the navy, congratulated Gen. Otis on the magnificent work of the army and Otis responded most fittingly.

The cavalry reconnaissance north of Malolos today developed a thousand of the enemy at Kuningua. A sharp skirmish followed, resulting in a Filipino retreat.

Two heavy coast guns were discovered buried in the streets of Malolos to day.

The natives continue to come within the American lines in droves. All carry white flags and state they wish to return to their homes.

Manila, April 3.—[Special]—Gen. Harrison Grey Otis sails for the United States on the transport Sherran, today.

He says he believes the rebellion is on its last legs. Gen. Wheaton has assumed command of his brigade.

To Renew Attack on Filipinos.

Washington, April 3.—[Special]—Gen. Otis is expected to renew his attack on the Filipinos early week.

The authorities are hopeful that the campaign will be short and decisive.

The war department continues its policy of non-interference in Otis' plans, believing the best results can be obtained by permitting him to proceed along such lines as he has mapped out.

Washington, April 3.—[Special]—The following was received from Otis: "Present indications denote that the insurgent government is in a perilous condition. Its army is defeated, discouraged and scattered. The insurgents are returning to their homes in the cities and villages between here and points north of Malolos which our reconnoitering parties have reached and desired the protection of Americans. News from the Visayan islands is more encouraging every day."

OTIS.

The Country Dotted With White Flags.

Manila, April 3.—[Special]—The country between Malolos and Manila for a distance of nearly twenty miles, is dotted with white flags, displayed by thousands of Filipinos, who have returned to their homes.

Fully a hundred thousand persons deserted their homes during MacArthur's march to Malolos, but a majority of these are returning.

The American officers consider this a favorable sign, as indicating that the Filipinos have had enough of the struggle.

Hall's troops had a brush with the Filipinos in the San Mateo valley again today, but the enemy was driven back.

Manila, April 3.—The native inhabitants who fled from the territory between Manila and Malolos as our troops advanced on the insurgent capital are now returning by thousands under flags of truce, seeking the protection of the Americans. This is accorded them, but Gen. MacArthur is keeping a close watch on all the returning refugees to guard against the possibility of treachery.

The fact that so many of the natives are returning to their homes, or where their homes once were, is a strong indication that Aguinaldo is losing his control of them. From all the information obtainable, it is believed that after the successive defeats of last week and the final retreat from Malolos, the rebel army became considerably scattered, and that Aguinaldo cannot, at any rate for some time, gather about him a force sufficient to make any sort of defence against the Americans.

The Oceanic Mail says that the occupation of the Filipino capital by the Americans materially signifies only the taking of another town and an advance of a few miles beyond their former position, but morally it assumes an importance that it would be absurd to deny and ridiculous to minimize. It is destined to have a great effect in the eyes of the world.

Desultory Firing.

Manila, April 3.—The American troops under Gen. MacArthur are still resting at Malolos, where everything is quiet. Hostilities elsewhere—so far as officially reported—have been limited during the last twenty-four hours to an occasional exchange of shots between the insurgents and the troops forming the lines of Gen. Lawton and Gen. Hall, extending from the water works to La Lonia. But this shooting has been just active enough to make the lives of the soldiers a burden and to compel the officers to sleep in trenches, clothed and in readiness to repel possible attacks.

Most of the Americans are becoming convinced that the backbone of the insurgent opposition is broken. There are numerous rumors pointing to an early collapse of the insurrection. One of these is that Gen. Pio Del Pilar, the best fighter among the Filipino officers, will desert Aguinaldo and give his support to the Americans.

The Spaniards, reasoning from their experience of the natives, refuse to believe that the rebellion is anywhere

near put down. They declare that the Filipinos will not take their defeat at Malolos, with the loss of the city and the removal of their so-called government, seriously to heart. On the contrary, the Spaniards predict that the insurgents will hover near the American lines, bothering them as much as possible, and when attacked in force dissolve, only to reappear at other points.

Expects Aid in Rain and Fever.

Paris, April 3.—Aguinaldo, the agent of Aguinaldo, in the course of an interview published in La Patrie, says:

"The capture of Malolos is not as important as the Americans are trying to make it appear. The Filipino government had already determined upon removal to San Fernando, and a small detachment of troops was left with orders to burn the town and thus to draw the Americans inland. Two months of rain and fever will save the Filipinos their ammunition and a good deal of trouble, and the war will not end while a single Filipino remains to bear arms."

He charges Maj.-Gen. Otis with opening the hostilities, and holds the Americans responsible for the transfer of the Spanish prisoners and for preventing the Filipinos negotiating a treaty with Spain. Aguinaldo is confined to his room with the influenza.

Spaniards Help Rebels.

Madrid, April 3.—Prime Minister Silvela says the government continues to meet with great difficulty in its efforts to obtain the release of the Spanish prisoners in the Philippines. It appears that many of the prisoners, after their long imprisonment, made common cause with the Tagalos. It is possible that many Spanish officers are serving in the Filipino army, and if this is the case, the Americans alone are answerable, they having objected to the negotiations for the release of the prisoners from the outset.

Rebels Are Wary.

Manila, April 3.—Repeated efforts to locate the insurgent army in front of Malolos have been unsuccessful, and our forces are, therefore, still resting in the former Filipino capital. The attack on the forces under Gen. Hall at Mariguina suggests that the enemy is concentrating in that direction.

Col. Denby's arrival makes the early issue of the proclamation of the Philippine commission probable.

Artillery Going to Manila.

Newport, R. I., April 3.—The steamer Plymouth left last night for New York with Battery F, Fourth artillery. The battery is going to Manila, and consists of six light guns, which have been mounted on the carriages of the heavier pieces.

FIRE VICTIMS BURIED

Work of Exploring Ruins of the Windsor Hotel for Bodies Was Finished Today.

New York, April 3.—[Special]—The work of exploring the ruins of the Windsor hotel for bodies was finished today.

The bodies of the unknown victims of the fire were buried today.

The death list from the fire is as follows: Killed during the fire or died subsequently from injuries, eleven; bodies taken from the ruins, thirty-four; total forty-five; still missing, seven.

The fact that only thirty-four bodies or parts of bodies were taken from the ruins and that the number of missing aggregates forty-one, seems to indicate that the bodies of seven are still missing or wholly consumed.

Filipinos Expect Recognition.

Madrid, April 3.—Senor Regidor, the Filipino envoy, declares that the independence of the Filipino republic will shortly be recognized by all the continental powers. He declares that the fall of Malolos is of no importance, and that even the death of Aguinaldo, now reported and again denied, if a fact, would have but slight effect on the situation in the archipelago.

Chicago Live Stock Market.

Chicago, April 1.—Closing receipts were slim all along the line, only a few head of cattle arriving and no sheep for the market. Barely 10,000 head of hogs were received and there was urgent enough demand on shipping account to advance prices 5c for the best smooth lots. Packers would not buy the lower grades at that advance, but all sold at least at shade higher. Absolutely nothing was done in cattle and sheep to change the condition from that recently noted. Estimates on the day's small run stood at 100 cattle, 10,000 hogs and 1,000 sheep. Some dealers place estimates as high as 17,000 cattle, 30,000 hogs and 20,000 sheep for Monday, but chances are that receipts will fall considerably below that, as the spring elections held over a great portion of the stock feeding territory early next week will have a tendency to curtail marketing considerably during the first half of the week.

Michigan Soldiers at Home.

Detroit, Mich., April 3.—Companies E, M, F and H of the Thirty-Fifth Michigan, with a few stragglers from companies C and L, arrived here at 12:15 o'clock Sunday, direct from Camp McKenzie, Georgia, where they were mustered out last week. A great crowd thronged the vicinity of the Michigan Central depot when they arrived, and th emen were given a royal welcome. From the station they were marched to th light guard armory, where dinner was served them. Most of the men left for their homes in different parts of the state.

Detecting Old Criminals.

The habits of old criminals are not easily laid aside. This fact is often of great service to detectives. A strange bird will be brought in who protests his innocence lustily. A close watch is kept on him, as his past is not known. The first morning he awakens in prison, if he be an old-timer, he will get up and fold his bed away nine times out of ten in a fashion that proves his experience in the coop. If he does not do this he invariably will fall into line in the procession and do the lockstep in a manner that gives his game away.

They Are Still Top "16 to 1."

Indianapolis, Ind., April 3.—The Jefferson league of this state, recently formed with influential democrats from all parts of the state as members, held a banquet here Saturday night. Many of the party leaders were among the speakers, and without exception the ground was taken that the party in Indiana must stand by the Chicago platform of 1896. The sentiment was unanimous, too, that Bryan should be the nominee for president next year. Th edemocratic committee would like to see th etwo wings of the party in the state united, but is about ready to abandon the hope of union.

THE BOWER CITY EASTER SERVICES

DAY GENERALLY OBSERVED AT
THE CHURCHES.

Scholarly Sermons Delivered On the
Theme of the Resurrection—Ex-
cellent Programs of Music—Bright
Lovely Day Brings Out Large Con-
gregations of Church Goers.

Easter Sunday dawned fair and brack-
ish, and when the bells and chimes
heralded the day of commemoration of
Christ's resurrection, the weather was
most favorable, and brought out thou-
sands of church-goers and nearly as
many styles of spring dresses and East-
er bonnets. The music at the several
Bower City places of worship was on a
grand scale, and the floral decorations
this year were more elaborate than ever,
and the sermons on the resurrection of
Christ were scholarly. In most every
instance, the sacred edifices were crowd-
ed to their utmost capacity.

Easter at the Baptist Church.

A very large audience greeted Mr.
Kempson. The platform was very hand-
somer decorated with a profusion of
flowers. Special music was furnished
by the choir, Miss Palmer giving an
alto solo, "Resurrexit," by Tosti. The
subject of Mr. Kempson's sermon was
"Hope Beyond the Grave," a Modern
View of the Resurrection. His text was
1 Thes. 4, 14 and 15.

We are thinking of the resurrection.
Plato hoped that the spirit would have
another existence, but Paul believed in
the immortality of the whole man. It is
a beautiful hope; it gives us great
comfort.

The beliefs about the resurrection that
were held in the earlier years are not
believed now. Many of those beliefs
have done much harm to the cause of
Christ. They were too materialistic and
dogmatic. The modern belief about the
resurrection body is more reasonable.
We believe that this body which we not
have, will be changed into the resurrec-
tion body. We may not understand
just how it is done, but we believe it.
This body of ours is a body of humilia-
tion, not a vile body, and it shall be the
abiding place of the Holy Spirit.

This fact that Christ is risen will be
of great comfort to thousands of hearts
today. The words "He is not here, He
is risen," are echoing around the world
today and giving the Christian a great
hope, because we believe that we shall
also arise and be like Him.

The day, the year, and the flowers are
all symbols of the resurrection. They
go down into death and darkness and
arise to newness of life. The resurrec-
tion body shall be a glorified body,
like unto the body of our Savior. The
charcoal is carbon in its humiliation, but
the diamond is the same element, carbon
in its glorified state. This is a picture
of the resurrection body. Let us remem-
ber that not one of God's children shall
not be "forgotten" in the resurrection
morn. We shall all be there. And
again we are taught to hope that we
shall know our loved ones in that
blessed "some sweet day bye and bye."
May God help us to trust in and love
our blessed resurrected Savior.

In the evening, Mr. Kempson began
a series of evening sermons upon "Diffi-
culties With the Bible." His first sub-
ject was "How we got our Bible."

For nearly 2,000 years this book has
passed through many remarkable expe-
riences. How did we get it? It is older
than any other book. It is older than
the Anglo-Saxon race itself. We will
look at it from standpoint of history. It
contains sixty-six books. It was writ-
ten by various writers, and it took
nearly a thousand years to write it. It
was written upon tablets and upon walls
of papyrus.

These writers worked each by himself
and thus it was written.

About 300 years B. C. the Old Testa-
ment scriptures called the Septuagint,
or the translation of seventy great schol-
ars, was given to the world.

OPEN LETTERS FROM

Jennie E. Green and Mrs. Harry
Hardy.

JENNIE E. GREEN, Denmark, Iowa,
writes to Mrs. Pinkham:
"I had been sick at my monthly
periods for seven years, and tried
almost everything I ever heard of, but
without any benefit. Was troubled
with backache, headache, pains in the
shoulders and dizziness. Through my
mother I was induced to try Lydia E.
Pinkham's Vegetable Compound, and
it has done me so much good. I am
now sound and well."

Mrs. HARRY HARDY, Riverside, Iowa,
writes to Mrs. Pinkham the story of
her struggle with serious ovarian trou-
ble, and the benefit she received from
the use of Lydia E. Pinkham's Vege-
table Compound. This is her letter:

"How thankful I am that I took
your medicine. I was troubled for
two years with inflammation of the
womb and ovaries, womb was also very
low. I was in constant misery. I had
heart trouble, was short of breath and
could not walk five blocks to save my
life. Suffered very much with my
back, had headache all the time, was
nervous, menstruations were irregular
and painful, had a bad discharge and
was troubled with bloating. I was a
perfect wreck. Had doctored and
taken local treatments, but still was no
better. I was advised by one of my
neighbors to write to you. I have now
finished the second bottle of Mrs. Pink-
ham's Vegetable Compound, and am
better in every way. I am able to do
all my own work and can walk nearly
a mile without fatigue; something I
had not been able to do for over two
years. Your medicine has done me
more good than all the doctors."

Many years after Christ had risen the
various writers of the new testament
gave to the world the books of the new
testament and they were gradually gath-
ered together. Now remember that these
manuscripts were all copied by hand
and of course there were some mistakes
made by those who did the work.

More of the original manuscripts that
the writers handled are now in existence
but the apostolic fathers, those who
knew the disciples personally, have
given to us many proofs of their authen-
ticity. If the whole new testament was
destroyed, the whole of it could be re-
stored from quotations by the apostolic
fathers. All of the new testament, but
11 verses, has been found in the writings
of the apostolic fathers by at least two
great scholars.

In the city of St. Petersburg today is
the oldest manuscript, which was found
by Tischendorf at the foot of Mt. Sinai,
and it agrees exactly with our new tes-
tament.

In the British museum is another
manuscript called the Alexandrian man-
uscript, which also was written away
back nearly in the time of the Apostle
John, and it is exactly like the new tes-
tament that we have.

At the Congregational Church

The decorations at the Congregational
church were on a massive and elaborate
scale. On either side of the pulpit was
a grand display of cut flowers and
potted plants. The special Easter music
was most exquisite, as is said by each
and all who attended service at this sa-
cred place of worship. The church was
well filled. The joyous spirit of the
great festival seemed to permeate every-
thing and even found expression in the
lovely music and handsome floral dis-
play, in fact it was an Easter celebra-
tion that all those who were so fortunate
as to attend will long remember for its
splendor.

The morning service, opened with a
sweet pipe organ selection, followed by
the doxology and invocation, after
which the Lord's Prayer was chanted by
the choir and congregation. The bal-
ance of the musical program for the
morning service was as follows:
Anthem, "Christ Hath Won the Vic-
tory," Obligato solo, by Miss Mary
Wilcox; male chorus, "Lift Up Your
Heads, O Ye Gates," duet, "Christ Is
Risen," by Miss Mary Wilcox and Mrs.
Lewis; Offertory, by boys' and girls'
choir; "Ten Thousand Times Ten Thou-
sand," followed by a hymn and organ
selection.

Rev. Robert C. Denison delivered an
impressive sermon, taking for his sub-
ject "The Certainties of the Christian
Ideal of Eternal Life."

In the evening the church was
thronged to the doors and a carefully
prepared and greatly enjoyed program
was rendered that held the rapt atten-
tion of the vast congregation. It was
composed of sacred music, prayers and
recitations, and brought forth words of
the highest praise from all who were in
attendance.

First M. E. Church.

A very large audience gathered at the
First M. E. church yesterday morning
to listen to an able sermon delivered by
the pastor, Rev. W. W. Woodside, from
a theme found in Luke 24-5, 6, "Why
seek ye the living among the dead? He
is not here, but is risen." By means of
this text, the pastor was enabled to give
a number of very profitable lessons from
the empty sepulcher that the audience
could take home with them, and which
will be of great help to them during
coming days. The church was appropri-
ately decorated for the occasion, and
everything through the day seemed to
echo the glad refrain that Christ has
risen.

In the evening nearly every seat was
filled even to the gallery. The program
for the evening consisted of songs, recita-
tions, class exercises, papers and short
addresses.

J. C. Kline of the Y. M. C. A., gave a
very interesting address on young men.
Rev. Woodside made a few remarks, per-
haps the most interesting part being the
announcement of the missionary collec-
tion which amounted to \$135.00.

Miss Maud Brace sang a very beauti-
ful solo in her usual pleasing manner
that was greatly appreciated by all.

The choir sang beautiful anthems
both morning and evening.

At Court Street M. E. Church
It was a glad day of rejoicing at
Court Street M. E. church yesterday.
The church was not lavishly but taste-
fully decorated. The music was of a
very superior quality. The missionary
collection taken exceeds that of last
year.

The theme of the sermon by Presid-
ing Elder Frank A. Pease at the Court
Street church yesterday morning was
"Christianity a Finality." It was a
strong sermon. The speaker said that
the evidences of finality were, first the
foundation. It is founded on the word
of God. All other systems are decaying;
but this abideth forever. All the past
was a preparation for it. All the rivers
of things run in that direction. It was
the temple eternal, and upon men were
working from the beginning.

The moral and ethical teachings of
Christianity are an evidence of finality.
It is the absolute religion, and shows
man the highest ideals and brings him
into closest relation with God, and re-
veals his duty to man as none other
does. It teaches the love of God and
man as the basis of all true living.
Christianity is exactly adapted to the
wants of our humanity. From the be-
ginning it met our necessities.

It won wonderful victories in the old
world, and is exactly suited to our
times. The perpetuity of our institu-
tions depends upon the adapta-
bility of Christianity to our present day
needs. All nations need the gospel of
Christ. It will meet the wants of all.

The triumphs of Christianity are an
evidence of finality. It is reaching the
utmost bounds of the earth. The mis-
sionary is a discoverer. To him we
are indebted for many of the open doors
that lead to a wider commerce and great-

er activity in the various avenues of
life. The Parliament of Religions at
the Worlds Fair have demonstrated the
superiority of Christianity over all forms
of religious worship.

The triumphs of the foreign fields are
evidence of the final and certain tri-
umphs of the gospel. The most de-
graded types of humanity have been
civilized, and out of that which to
human vision was of no value God has
brought beautiful womanhood and true
manhood, just as the forces of nature
change the miry clay into sapphire, the
sands into opals and soot into diamonds.

The children rendered a very beauti-
ful program on the Sunday School hour.
The risen Christ was the exultant theme
of song and recitation. Their contribu-
tion was for the missionary cause. The
evening service was made especially at-
tractive by splendid music. The Court
Street quartette sang with excellent
effect the following very beautiful
anthems: Morning Breaks Upon the
"Tomb," Barrett; "Every Flower that
Blooms," Harry Rowe Shelley; "As It
Began to Dawn," Myles B. Foster.

The Rev. Walter A. Hall preached to
a very attractive audience a sermon on
that theme of unfading interest, "The
Resurrection of Christ."

GOOD SHOW THIS EVENING

Is Classed As One of the Best on the
Road

Local lovers of high class farce are
promised a treat in the engagement at
the Myers Grand this evening of "What
Happened to Jones," which is from the
pen of George H. Broadhurst, who is al-
so the author of the latest farce "Why
Smith Left Home." The story of
"Jones," according to its plot, is a series
of queer circumstances and adventures
definitely put together by a clever dramatic
architect, who takes his people from
active life, and by the moving of his
checkers places those of opposite char-
acters in direct contact with each other.
Mr. Broadhurst frankly acknowledges
that "What Happened to Jones" was
written with but one aim in view, and
that one the purpose of creating merri-
ment without compelling the auditors
to witness horse play. In short "What
Happened to Jones" is claimed to be a
legitimate farce, if such an expression
may be used. The story that furnishes
the groundwork for the play is quite
simple, yet despite this simplicity, there
is not a dull moment in it from the open-
ing scene to the final fall of the curtain.
The following are the members of the
company engaged to illustrate the hap-
penings of Jones this evening, and in-
clude John Allison, E. Soldene Powell,
Frank X. Hope, Charles Greene, Cora
Williams, Helen Harcourt, Eleanor Brod-
hay, Katherine Weston, Juliet Sager
Maude Allison and Louis Reinbart.

HALSEY GAVE FINE ADDRESS

Former Local Methodist Divine Talked
on Temperance at Sharon

Rev. Sabin Halsey, former pastor of
the Court Street Methodist church, who
is now located at Sharon, gave a thrill-
ing address on temperance before a
union meeting of the W. C. T. U. at the
Methodist church in Sharon.

The speaker, in the beginning of his
address, touched upon the gigantic evil
of slavery, the agitation against it, the
different methods employed to abolish
it, and the hard struggle, the great sac-
rifice of personal efforts, how politicians
dodged the question and issue when-
ever it was brought up, until it was
finally wiped out by the civil war. The
liquor traffic, Dr. Halsey declared, was
the gigantic evil of today, and had its
hands on the throat of this great repub-
lic, but sooner or later it would be
wiped out; that the cause of temperance
today was receiving the serious consid-
eration of people all over the land, and
public sentiment had greatly changed in
its attitude toward the liquor question,
as well as the use of liquor itself, from
that of fifty years ago, when liquor was
used at every barn raising; social and
religious gathering.

LEGISLATORS HOLD TO THEIR PASSES

ANTI-PASS LEGISLATION AS UN-
CERTAIN AS EVER.

Legislature Cannot Finish Its Work
By April 14 and 21 Is As Early as
Date as Is Now Considered Practi-
cal—\$25,000 Appropriated for an
Executive Residence.

Madison, Wis., April 3—The predic-
tion that no anti-pass legislation would
not be effected until near the end of the
session, and that members passes would
remain good until they were ready to
go home and stay, promises to be fully
verified. In fact just what it will be
when it is passed seems now as uncer-
tain as ever. The bill and resolution
reported by the conference committee
have raised much opposition, and there
are likely to be some modification before
they get through. There are, however,
many members who say that if we are
to have any anti pass legislation at all it
had better be something strong enough to
hold. Many objections are made to
the new clause which prohibits passes to
political conventions, on the ground that
it will work hardship on people who
cannot afford to be delegates and pay
their fare. The same argument which
can be paid against any pass applied to
those, however, and the clause will
probably stick. It is not so certain
that the section which makes violation
of the law bribery will be in the bill
when it is passed. Many members who
have been traveling on passes for years
do not like the term.

It is conceded that the legislature
cannot finish its work by the date pro-
posed in the resolution offered the other
day, April 14. April 21 is as early a
date as is now considered practicable
and the session may run into the follow-
ing week. The close of the twelfth
week of the session finds many impor-
tant bills still in the hands of committees.
Several big appropriation bills were
passed last week, also four big taxation
bills for express, sleeping car, freight
line and equipment companies. The
bill to provide for the completion and
equipment of the historical library
building is among the measures which
are still hanging up.

One new appropriation bill of the
week was for the erection of a new ex-
ecutive residence, at a cost of \$25,000.
Two years ago \$12,000 was appropri-
ated to repair the present dwelling of
the governor, but examination showed
that it would be a waste of money, and
the plan was abandoned. It was an old
house when the state bought it a few
years ago. The fate of the bill is un-
certain, but in view of the very large
appropriations it is very probable that
the claims committee will think the bill
will have to wait for two years more.

Among important measures still in
the hands of committees, besides the
anti-pass measures are the fish and
game bill, barbers' license bill, True
marriage license bill, university ap-
propriation bill, Sheridan drive bill, bounty
on beet sugar bill, pool selling on horse
races, railway taxation and the abolish-
ing of the state land office. A substi-
tute for the latter has been offered cut-
ting off three clerks instead of reducing
the entire force to that number.

MONEY NOW MUCH CHEAPER

Plenty Is To Be Had at the Rate of Five
Per Cent.

All one needs in Janesville today to
get enough money to fill a dozen good
sized barrels, is good security. In-
stead of paying six or seven per cent, as
has been the prevailing percentage of
late, it is now only too plentiful at five
per cent.

Many mortgages have been paid off
in Rock county of late, with five per
cent money that was borrowed to take
the place of the seven per cent rate of
interest.

Cheap money will have the effect to in-
crease lands in price and many sales are
looked for shortly.

GOMEZ ISSUES MANIFESTO.

General Will Soon Leave Cuba for San Domingo.

SATISFIED WITH HIS WORK.

Insurgent Leader Says He Has Done His Duty and the Only Reward He Asks Is the Love of the Cubans—Explains the Action of the Assembly.

Havana, April 3.—Gen. Maximo Gomez has issued a manifesto in the form of a letter to his wife and friends in San Domingo. He says he is going to leave Cuba soon for San Domingo. He is satisfied that he has done his duty and the only reward he asks is the love of the Cubans. He adds that the assembly first accepted the \$3,000,000 donation from the United States, and that he was in his camp, forgotten by the Cubans and by most Americans, when Mr. Porter, President McKinley's representative, visited him and conferred with him on the situation. He then agreed to assist in bringing about the disbandment of the Cuban army, and accepted in behalf of the army the proffered pecuniary assistance from the Americans.

Meanwhile, he says, the assembly repented of its acceptance of the money and wished to have the sum increased to \$13,000,000. Three gentlemen who claimed to be American bankers called on him and offered to make a larger loan, but he refused to accept it because the Cuban republic had not yet been established and the wishes of the Cuban people could not be heard. This, he says, aroused the indignation of the assembly and caused his deposition from his post of commander-in-chief of the Cuban army.

Must Take \$3,000,000 or None.

Washington, April 3.—It is reiterated by members of the cabinet that no consideration will be paid to any proposition for money for the Cuban army outside the \$3,000,000 fund now awaiting their acceptance, and furthermore it is hinted that if too much trouble and deliberate delay occurs preliminary to that amount being turned over to the Cubans, the \$3,000,000 will be withdrawn and no payment of any sort be made by this government on account of the Cuban troops. No proposition for an additional sum will be considered in any form.

Promises Cubans a Big Loan.

Washington, April 3.—C. M. Cohn, who, it is alleged, is engineering the scheme for a \$20,000,000 loan issue to the Cuban assembly and is said to be the author of the mysterious dispatches to the Cuban assembly urging that body not to disband on the ground of a good prospect of securing more than the \$3,000,000 offered by the United States, is in Washington. He refused to be interviewed.

ROUTES THE TURKS.

Bulgarian Outpost Repulses Troops of the Sultan.

Vienna, April 3.—A serious collision has taken place between Bulgarian and Turkish frontier guards at Kozyl-Agob, between Jamboli, eastern Roumania, and Adrianople, on the banks of the Tounja, fifty-six miles south of Jamboli.

According to a dispatch from Sofia, capital of Bulgaria, the Turks attacked a weak Bulgarian outpost, but the Bulgarians, aided by armed inhabitants, repulsed their assailants after a four hours' fight.

Both sides suffered loss of killed and wounded.

The Turks, the dispatch says, were seeking to secure a position hitherto held by the Bulgarians.

The names of the candidates for each office to be voted for, whose nominations have certified to this office, are given opposite the title of the office, and under the appropriate party or other designations, each in its proper column, and the questions submitted to a vote are stated below.

INFORMATION TO VOTERS.

The following instructions are given the information and guidance of voters: A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk, which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter must make a cross, (X) after the name of each person he desires to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but no more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot may be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside can not be seen, but so that the printed indorsements and signatures of the ballot clerks, on the outside can be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have the assistance of one or two election officers in marking; the same to be chosen by the voter, and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

WORK TO THE END.

Tomorrow is election day, and the people of Janesville will select the officers to watch over the interests of the city for the next two years. There are two tickets in the field, the republican and the democratic. Janesville is a republican city, and it is therefore natural that the republican ticket should be the winner. The republican nominees are well known business men and are worthy of the votes of all believers in republican doctrines and good municipal government.

Victor P. Richardson, the candidate for mayor, is a man of exceptional ability, and the fact is fully recognized by the people. Every day has strengthened his standing. His campaign has been clean and effective, and his election is certain. He was the choice of the people at the primaries, and will win at the polls.

Arthur E. Badger, the republican candidate for city clerk, needs no introduction to Janesville people. He has held the office during the past four years and has discharged his duties faithfully and well. That his services will be recognized with a re-election goes without saying.

N. Frederick, the candidate for street commissioner, has lived in Janesville for many years, and is a popular and thoroughly trustworthy citizen. His qualifications are not questioned, and he should be elected.

S. C. Burnham, the candidate for school commissioner-at-large, is just the man for the place, and there is no doubt whatever about his election.

L. F. Patten, the candidate for justice, and G. H. Davey, the candidate for sealer, now hold the offices for which they are the nominees, and that they will be retained by the people is not questioned.

Thus it will be seen that the republican ticket is an especially strong one. The campaign has resulted in fully acquainting the voters with the qualifications of the various candidates. Therefore the result, tomorrow, can be awaited with confidence by the republicans—it is only a question of majorities.

In the wards effective work has also been done, and republicans are confident of success. The nominees are all men of standing in the community. W. S. Rice, W. B. Stoddard, H. S. Gilkey, W. H. H. Macloon and C. M. Warren are the candidates in the First, Second, Third, Fourth and Fifth wards respectively and each has made a vigorous canvass.

The candidates for school commissioner, supervisor, and constable have also been active and as they are all men of wide acquaintance and recognized worth, there can be no doubt of the result.

The republicans will sweep the city tomorrow, but the majorities should be as large as possible. Every republican is therefore urged to do his share to get out the full vote. Do not think "my one vote will make no difference" for it will make a difference. It is the duty of the citizen to cast his ballot. Keep up the fight until the polls close.

Many important public questions are passed upon by the common council, and the voter should see that republican aldermen are placed on guard from all

the wards. The nominees are Walter S. Rice, William B. Stoddard, Herbert S. Gilkey, William H. H. Macloon and Charles M. Warren. All five are men of recognized ability and personal worth and republicans should give them enthusiastic support tomorrow.

"NONPARTISANSHIP"

Remember that a vote for the democratic ticket this spring is a vote for democratic principles, and therefore a vote to encourage the democrats to future exertions. If you believe in republican principles of government do not lend "aid and comfort" to the enemy in any form, but put in a straight republican ballot.

You will hear people talk of "non-partisanship in local elections," but the man who talks of that arrangement generally does so for the reason that the plan will serve his own ends. Nonpartisanship is a good thing to talk about but a poor thing to practice. As long as we have political parties—and we will always have them—the issue will necessarily apply to local as well as to general elections.

Janesville went republican at the last presidential election, by 702 plurality. Consequently the democrats are rather anxious to see about seven hundred republicans practice "nonpartisanship" by voting the democratic ticket! Of course these democrats advocate "nonpartisanship" because of their pure patriotism, and "for the good of the city." They do not want the democratic ticket elected. Of course not!—but unless about seven hundred republicans vote the democratic ticket tomorrow the republicans will sweep all before them. The democrats know this, so they advocate "nonpartisanship" in hopes of electing a democrat.

Do not be misled by any such talk, fellow republicans. No one questions the statement that the republican nominees will make excellent city officials. Stand by your party and principles! Note the ticket straight!

When a democrat asks you to vote for John Thoroughgood, don't forget the fact that the solicitor has that 702 republican plurality in mind, and wants to use you to overcome it. No good republican will lend himself to such a scheme, however, for the trick is too apparent—the democrats must work some such dodge or give up the fight.

School commissioners will be elected in the First, Third and Fifth wards tomorrow. James Shearer is the nominee of the First ward republicans, Samuel M. Smith, of the Third, and Wilson Lane of the Fifth. Vote for them.

Victor P. Richardson's eminent qualification for the office of mayor are not questioned. Vote for him. His election means good government and the economical expenditure of the people's money.

The republican constabulary nominees are: First ward, Jacob Heller; Second ward, A. K. Cutts; Third ward, Wallace Cochrane; Fourth ward, H. Hunt; Fifth ward, E. DeLisle.

C. E. Bowles, H. A. Moeser, J. L. Bear, David Stewart and J. G. Wray are the republican candidates for supervisor in the various wards. They are all good men. Support them.

Do as you please with preference to brushing your teeth and plucking your shoes before you vote tomorrow, but be sure to vote the republican ticket.

N. Frederick will make an excellent street commissioner, and is entitled to the support of the people. Vote for Mr. Frederick.

S. C. Burnham will make an ideal school commissioner-at-large. Recognize his ability with your vote.

G. H. Davey should be re-elected as sealer of weights and measures as he has made an excellent officer.

If we get out the full vote tomorrow, it will be a clean sweep. Do you share toward "making it unanimous?"

Work for the success of the ticket tomorrow and "virtue will be its own reward."

L. F. Patten is a lawyer of recognized ability and is just the man for justice of the peace.

City Clerk Badger has made a splendid officer. Re-elect him.

A vote for the republican ticket is a center shot.

And don't forget to vote for the judges.

The South and the Negro.
From the Washington Post: The south does not, and never will, pretend that it offers the negro political domination, official control or substantial ascendancy of any kind. The south is frank enough to proclaim its faith that the negro represents an inferior race and shall not be permitted to rule. But the colored people will be wise to consider that the white southerners are their real friends and sympathizers. The time has come for the negro to choose between the "leader" who promises much and does nothing for his welfare and the southern white who promises nothing and does much.

In Memory of Lafayette.
New York, April 3.—A special dispatch to the Herald from Washington says: "Charles E. Barber, engraver in the Philadelphia mint, is drawing the design for the dollar to be minted by the United States in commemoration of Lafayette. It has not been found practicable to use the signatures of Lincoln and Lafayette and President McKinley has given positive orders that nothing pertaining to him appear on the coin. The prayer of Lafayette will probably be used."

Like the Teacher.
The Watchman remarks that the Sunday school class catches its tone from the teacher, as the child catches the dominant spirit of the home, and the result can no more be concealed than could the home spirit shining out through the artless prayer of the little Kentucky girl: "Lord bless papa and mama and John and Mary and me, and make us all stylish."

paid wages that are in keeping with
those paid in other portions of the state.

Last season there was a general cut-
ting in all work done in Rock county by
threshers, and the result was that there
was no money in the business.

But the cutting of prices, which re-
sulted in no profit to the machine own-
ers, is what called them in session. Now
they propose to set a scale of prices and
if such a thing is possible, follow them
alike through the summer.

When the meeting was called to order
this afternoon harmony prevailed through-
out. Those present had a voice in the
session and all agreed that no man can
afford to work but a few weeks in the
year threshing and then be paid scant
wages for his labor.

The average first class threshing out-
fit includes a tank, wagons and a stacker
besides the threshing machine and the
engine. This causes an original outlay
of at least \$2,000 to say nothing of the
cost from week to week that is paid out
for repairs. Four men are taken along
with this outfit and they receive on an
average of \$1.75 a day.

W. H. Horton, of Edgerton, who was
present at the meeting today stated that
different prices prevailed through Rock
county last year and that the man who
would do the work the cheapest gener-
ally got the contract.

"Last season I received three cents a
bushel for wheat and rye, one and a
half cents for oats and two cents for
barley," said Mr. Horton today, "but
even at these prices there was only a
fair profit in it."

Prices were cut below these and this
was why the majority of the threshing
men failed to even make day wages for
themselves. It is this evil that we pro-
pose to remedy and for nothing else
was the meeting called here in Janesville.

INTENSE SUFFERING

FROM DYSPEPSIA AND STOMACH TROUBLE.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered to my knowledge, for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh, the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances, fully cured. There was no more acidity or sour water risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal. Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe.

Stuart's Dyspepsia Tablets are made by the F. A. Stuart Co., of Marshall, Mich., and are sold by druggists everywhere at fifty cents per package.

Little book on stomach diseases mailed free, address, F. A. Stuart Co., Marshall, Mich.

Miles Witnesses to Testify.

Washington, April 3.—The investigation of the beef scandal will probably be concluded this week. Several of the witnesses to be examined were summoned in the interests of Gen. Miles. It is expected, therefore, that much of the testimony will be in support of the officer's charges. It is expected that by the latter part of this month or early in May, unless some new developments should arise, the court will submit its report and findings.

March a Prosperous Month.

Washington, April 3.—March was an unusually prosperous month for the treasury department, receipts from all sources having been \$13,731,000 in excess of the expenditures. Should receipts from customs and internal revenue for each of the three remaining months of the fiscal year even approximate those of March, Secretary Gage's estimate of a deficit of \$112,000,000 for the year will not be far out of the way.

Merchants' Losses at Iloilo.

Tacoma, Wash., April 3.—Foreign business houses lost over \$1,000,000 by the destruction of Iloilo by the Filipinos before Gen. Miller captured the city. Steven & Co., an English firm, estimates its loss at \$140,000 on stored hemp. Numerous other firms had warehouses and stock destroyed, English insurance companies will be the chief losers. The French firm of jewelers, La-Estrella del Norte, lost \$300,000 of property.

French Sympathy for Filipinos.

Paris, April 3.—Advanced French republicans are coming out strongly in favor of the Filipinos. Henri Rochefort makes an ardent appeal to the Americans to give Aguinaldo a chance. The editor of another leading socialist paper declares that public opinion in all Europe is gradually turning against the United States.

Human Lives

often depend on physician's prescriptions; hence, a doctor cannot write a prescription without a sense of personal responsibility for his patient's welfare. The number of prominent and successful physicians who daily prescribe

AIMS TO CATCH UP.

Speaker Sherman Wants Illinois House to Work Saturday.

Springfield, Ill., April 3.—This week promises the first Saturday session of the Forty-first general assembly. The municipal elections Tuesday made an adjournment until Wednesday well-nigh indispensable. It is the plan of Speaker Sherman, however, to make up for the loss of Monday and Tuesday by keeping members here Saturday, if possible, and to get them back here next Monday morning. If done, it will be a novelty.

The omnibus appropriation bill, which failed to pass last Thursday, has been reconsidered and will be again put upon its passage Wednesday. Every effort will be made to get the recalcitrant republicans into line for it. It may then be gotten through the senate on Friday, or in any event early next week. All of the other appropriation bills are being pushed accordingly. Outside of these there are probably not to exceed a dozen measures which the leaders regard as of vital importance.

One of the bills which will come up for passage in the house this week is that fixing the compensation of members of the general assembly at \$1,500 per annum. It is a special order for Wednesday. It seems probable that the bill will be passed.

Too Much Work Ahead.

Madison, Wis., April 3.—At the end of the twelfth week of its session the Wisconsin legislature finds itself with a vast amount of work still on its hands and the prospects bright for a session of three more weeks at least. It was found necessary to withdraw the resolution for adjournment April 14 and another to have all bills reported by April 1. A great deal of time has been consumed trying to formulate anti-pass legislation, a result that now seems almost as remote as ever, in view of last week's proceedings. More important bills are still in the hands of committees than have been acted upon and the only big taxation measures that have gone through are those taxing express, sleeping car, freight line and equipment companies.

Law Is Unconstitutional.

Des Moines, Ia., April 3.—Judge S. F. Prouty of the district court here decided that the law taxing local insurance companies 1 per cent of their receipts "in lieu of all other taxation" was unconstitutional as to the quoted clause, and that local taxing boards might levy, assess and tax them. It affects five companies here and a large number in different localities in the state. The judge did not decide whether the state tax was unconstitutional in toto, but attorneys agree that it will be so held when the question is raised.

Nebraska Session Over.

Lincoln, Neb., April 3.—The twenty-ninth session of the Nebraska legislature has closed and the body has gone down in history as a unique gathering. Its record shows the highest number of bills ever introduced in a session of the state legislature and the lowest number of bills passed. This was partially due to the extended senatorial deadlock, that consumed nearly two months' time, in which the members were too much absorbed in political considerations to give other than indifferent attention to business.

Falls Dead in a Car Alone.

St. Louis, April 3.—While en route from Texarkana, Ark., Saturday, Mrs. W. D. Owen, wife of the secretary of state of Indiana, dropped dead in the aisle of the car. Her last words as she fell were: "I believe it is paralysis." Mrs. Owen was with a party returning from a visit to the plantations of the Mexican Rubber and Coffee company at Ubarra, on the Isthmus of Tehuantepec.

List of Stella Victim.

London, April 3.—The morning papers publish approximate lists of the saved and drowned passengers on the steamer Stella of the London and Southwestern Railway company, which was wrecked upon the Casquet rocks, near the island of Alderney, last Thursday afternoon. These show the death toll to include about eighty.

Hobart and Sherman Better.

Washington, April 3.—Vice-President Hobart is still kept to his house by the severe cold from which he has suffered more or less since his bad attack of the grip last winter, but is improving slowly. Ex-Secretary Sherman is gaining strength. He is able to sit up for short periods.

Agreement on San Mun Bay.

London, April 3.—The Rome correspondent of the Daily Chronicle says he learns in official circles that Italy and Great Britain have arrived at an agreement which will result in an Italian occupation of San Mun Bay, province of Chi Kiang, China, before April 25.

Pottery Combine Goes Under.

East Liverpool, Ohio, April 3.—Saturday night at midnight the options held by John R. Dospassos, the head of the New York syndicate which attempted to organize the pottery trust, expired and the American potteries combine is dead.

Has an Interview with the Sultan.

Constantinople, April 3.—Oscar Straus, the United States minister, had an audience with the sultan Saturday. The interview, which was protracted, was of the most cordial nature.

Spanish Ambassador Transferred.

Madrid, April 3.—It is announced that Count de Villagonzalo, former Spanish ambassador to Russia, has been appointed Spanish ambassador to Great Britain.

ELECTION NOTICE

OFFICE OF CITY CLERK, March 28, 1899.

To the Electors of the City of Janesville:

Notice is hereby given that a municipal election is to be held in the several wards and election precincts in the city of Janesville on the fourth day of April, 1899, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to its proper column, and the questions submitted to a vote are stated below:

Information to Voters.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, voter must retire, alone, to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark, will be counted for all of the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased, or a cross (X) mark be placed opposite the name or names of candidates in another column, and dates of different political parties he should make a cross mark, X, after the name of each candidate he desires to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in the booth and may be used to copy from. The ballot must not be shown so that any person can see how so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth, or compartment, give his name to the inspector in charge of the ballot box, and hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the ballot clerk, can have assistance of one or two election officers in marking the same, to be chosen by the voter, and voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

"There are None So Blind as Those Who Will Not See"

There are some people who cannot be convinced that white is white and black is black, because they are determined to have their own way about it. Very good. Such people go through life missing the great truths and the greatest happiness as well as comfort.

There are others, again, who are convincible. It is to men of this class that we like to talk about the merits of the STEIN-BLOCH merchant tailored, ready-to-wear and quite-sure-to-fit clothes.

They are better than nine-tenths of the made-to-measure clothes turned out in this city and the equal of the other tenth.

Stein-Bloch clothes cost about half the price of made-to-order clothes and have every desirable attribute of the very best made-to-measure garments, besides embodying many unmatchable features strictly their own. That is why we say investigate the merits of these clothes before going to a tailor. You risk nothing and stand to win a lot.

Copyright 1899. Stein-Bloch Co.

Suits, thoroughly tailored, best of linings, and all made with hand worked button holes—suits that the tailors would not think of asking less than \$22 to \$30 for, we furnish at

\$13.50--\$15.00--\$18.00.
